Glendale Adventist Elementary and Academy
Internet Consent and Waiver

By signing this Consent and Waiver form, the requester and his/her PARENT (s) or guardian(s) agree to abide by the restrictions listed in the information packet. The student and his/her parent(s) or guardian(s) should discuss these rights and responsibilities.

Further, the requester and his/her parent(s) or guardian(s) are warned that Glendale Elementary and Academy do not have control of the information on the Internet, nor do they provide complete barriers to students accessing the full range of information available other than those constraints imposed by finite resources. Other sites accessible via the Internet may contain material that is illegal, defamatory, inaccurate or potentially offensive to some people. While the intent of Glendale Elementary and Academy is to make Internet access available to further educational goals and objectives, students will have the ability to access other materials as well.

Glendale Elementary and Academy believe that the benefits to educators and students from access to the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access. But ultimately, parent(s) and guardian(s) of minors are responsible for setting and conveying standards that their child or ward should follow. To that end, Glendale Elementary and Academy support and respect each family's right to decide whether or not to apply for the school's Internet access.

The student and his/her parent(s) or guardian(s) must understand that the school's access to the Internet is being developed to support the school's educational responsibilities and mission. The specific conditions and services being offered may change from time to time. In addition, a student uses the Internet at his/her own risk. Glendale Elementary and Academy make no warranties with respect to their Internet service and specifically no responsibilities for:

1. The content of advice or information received by a student from a source outside of the the school, or any costs or charges incurred as a result of seeing or accepting such advice;
2. Any costs, liabilities or damages caused by the way the student chooses to use his/her Internet access;
3. Any consequences of service interruptions or changes, even if these disruptions arise from circumstances under the control of Glendale Elementary and Academy;
4. Guaranteeing the privacy of electronic mail. While Glendale Elementary and Academy supports the privacy of electronic mail, students must assume that this cannot be guaranteed.
